If there is no valid TAX ID available we have to charge the legal 20% VAT.

Price validity: to 31.12.2024.

The prices are containing: Firmware update to the last Metron/Fluke version, ECO (Engineering Change Order) if covered by Fluke Biomedical, attitude and adjustment for optimal accuracy, production of a calibration certificate and a measuring report with **measured values before and after the calibration**.

If a repair should be necessary, you will receive a cost estimate immediately.
